

... I enjoyed the res-
taurants and playing in
the snow, but what I
loved the most was the
Inn. What a beautiful
place to stay! Everything
about the place was
just perfect from the
big, cozy, comfortable in room
#7 to the fat cat that
just curls up in front
of the fire each night.

The White Lake Inn will
always be a very special
part of my life because
it was here that the
most wonderful man
in my life and I chose
to spend the rest of
our lives together. We
will be back, to revere

#7, just to relive our
past memories, from
the Inn and to make
new ones.

Anchor Inn

Service was good, but the food was only so-so. We had white fish & scallops. There wasn't a wart on Friday when we were there but it was the off season.

Nautical Inn

Very Very Nice. Service was excellent and the food was flavorful & plentiful. Try one of these tropical drinks. They are great.

White Birch Inn

The N.Y. Strips were great. Nice, romantic place for that special occasion.

Weather was good, White Lake Inn was great & the people here fantastic. We enjoyed The Cookery Restaurant but were disappointed that The Bakery was not open.

The parks are beautiful & we had fun trying X-country skiing for the first time.

3-9-88 A time to remember forever!

March, being nippy - a fire was great way to relax. Whirlpool is a must, to relax tensions of the outside world and become closer to the one you love. The atmosphere at the White Lace Inn is casual + easy going. The innkeepers were very curious. To top it all off, we were served mmm good muffins in the morning, at the main house.

To sum it all up - Our honeymoon will be a unique experience that we will remember.

More fun than any human being should be allowed to have. If your van breaks down, rent a car from ABC Auto. If your up for a fun afternoon, rent a couple of innertubes from Nor-Dor Sport & Cycle. But don't forget your camera. We also recommend bowling at Worley's, it's computerized. Most memorable is the hospitality we received wherever we went. Can't wait to come back.

The Door County Museum was a fun and enjoyable way to spend an hour or two. It is much larger than it appears. There is nothing earthshattering about its contents, just a lot of interesting local artifacts. The old Church Shops are very cute and this Old House antiques had some good finds. The drive up to Gills Rock was fun and the Shoreline Restaurant and shops were a fun way to spend lunch. Take a look out over the ninth hole at the Alpine Resort Golf course coming down into the bay - a breathtaking view. We recommend the Hotel du Nord restaurant at just about sunset because the whole room comes alive with fire. The food is good with very reasonable prices. We had a bottle of wine, appetizers, brandy and desert with dinner all for only \$65⁰⁰. The service is prompt & courteous. Have a wonderful time!

Scott + I loved the "White Face Inn". It's kind of funny how we found out about it. I'm from New York City. Recently while in a small store in N.Y.C. I told the sales girl that I was dating a guy from Wis. She told me we had to go to Door County & we had to stay in the "White Face Inn". She said it was the most romantic place she had ever been to, but you should be in love if you go there. So since I'm very much in love I talked Scott into taking me. And we loved it!

Oliver's Station is a ^{very} good place for lunch. Turn right on Third Street. Scharner's is as friendly as reported, but the fish is mostly fried & the heavy drinkers at the bar made me uncomfortable. The Nautical food was very good & the waitress (Kathy) was wonderful, but the management verged on the nasty. I wanted to give the waitress the bill & the management the tip.

Whitefish Dunes State Park (Rt 57 north) has an excellent beach but dull trails. On a hot Saturday afternoon there was a short wait to get in because the parking lot was full.

In ~~FISH CREEK~~ ^{EGG HARBOR}, the Blue Iris is very good. In Fish Creek, the Summertime is fair. The White Gull Inn is a good place to eat but the restaurant makes the rooms noisy. Pelletier's gives bad vibes. In Ephraim, the HILLSIDE is a very good B+B if you have children. Excellent view of sails in harbor with the sun on them when you wake. Exceedingly friendly hosts. Dinner was fair. Great porch.

Wilson's has great deserts but ~~has~~ fair lunch. FOWLERS, in the next block + off the main street is much better.

ART fans try HARDY gallery on the dock and EDGEWOOD ORCHARD gallery on Peninsula Payer's Road.

We arrived at the White Lace yesterday. We visited the Door County Museum... it was average. We also went to the Micro brewery, Oliver Station, and were treated very kindly. We preferred the Amber home brew. Then we dined at the Nautical Inn. We loved the Fish Boil which included Door Co. Cherry pie. Very filling. We drove up the coast on 42 today. Dear White Lace Inn,

My wife and myself have enjoyed your hospitality and the beautiful inn. The whirl-pool was excellent especially after a long day of visiting all the wonderful shoppe's in all the towns along route 42. I recommend Al Johnson's in Sister Bay for breakfast. Their Swedish pancakes are very good & the potatoes they serve with the egg breakfast's are awesome. Also in Sister Bay is a little pizza place called D'Amico's who has excellent pizza especially with Corona beer. You can also be an artist and draw on the place mat. They will put it on the ceiling after you have done. There are so many things we have done. Golfed, shopped, wine'd & dined, miniature golf, go-kart riding, etc. CONTINUED →

Our three days here were all wonderful. The best meal we have had in ages was our first night at Hotel du Nord! (The chef's special salmon). Nothing came close after that. The first breakfast at the Edgewater was good. White Hall was already booked, so I can only guess how great there is.

Cove Point is worth the effort. Whitefish Dunes is a rather secluded walk on a long sandy beach.

Washington Island is only worth going to on a bicycle. Pack a lunch! Gibraltar has a gorgeous lakefront view. It's a rock shore, but there is a nice wall for sitting and contemplating sunsets and life.

We were lucky enough to book early enough to get #D in Washburn. If you like whirlpools, fireplaces, good music (no not my husband singing) brass & wicker you will love this room!!

This was truly one of the nicest places I have ever been, and I will be back!!

We came here to celebrate our first anniversary & White Lake Inn / Door County was the perfect choice. Except for an unpleasant experience in Fish Creek when the Shopkeeper of an expensive teddy bear store told us if we weren't going to spend money we shouldn't have come in - everything else was wonderful. From the shopping to the sightseeing to the restaurants. We would recommend this peaceful, relaxing weekend to all.

The White Lake Inn was more than we had dreamed it would be. You have a lovely inn and we would recommend it to anyone! Our dinner at the Hidden Lodge was excellent and the service was exceptional! Thank-you for such a nice time.

September 19th thru 23rd, 1988

This was our first stay at "The White Face Inn". And we knew from the moment we arrived that we had chosen a very romantic place to spend our honeymoon!

We stayed in room E in the Washburn House. If you like fireplaces, whirlpools and lace canopied covered beds, you'll love this one.

While in Door County we particularly enjoyed the ferry ride to Washington Island, shopping and dining at Shartner's in Sturgeon Bay.

We'll be back here next year to celebrate our 1st anniversary. We just loved the hospitality of everyone we met.

September 19 thru 24th, 1988

This was the perfect honeymoon spot for us. We stayed in Room A at the Washburn House and loved your whirlpool. The weather was perfect for the fireplace. We took a tour of Door Peninsula w. Nery and had fun "taste testing". We also took a 2 hour sailboat ride with Bella Cruises in Ephraim. Capt. John will give you a great ride. Combine that with all the great shopping and fudge eating (go to the Fudge House in Fish Creek) and we will always remember this week. To top it off, we hiked and enjoyed a picnic & bottle of wine at Whitefish Dunes State Park and Cave Point County Park. A romantic stroll on the beach is just the thing! Thanks for making our honeymoon a perfect one.

This was a great getaway from work and kids -- we were both in desperate need of a place like this. The White Lace Inn was an experience unlike any we've had before. We loved the special touches of an Inn -- fluffy towels, extra pillows etc. etc.

Door County is terrific in the Fall. We checked the whole place out and would like to recommend the following:

White Birch Inn for a great steak (casual to dressy)

Sister Bay
Fish Creek
Egg Harbor } for shopping

Penninsula St. Park for sightseeing & deer, deer, deer

J.J.'s Restaurant for a great burger (Sister Bay)

Tim's Outpost for great pizza

We'd like to thank everyone at the White Lace Inn -- be sure to tip them for directions, suggestions, etc. -- they were a great help.

This was our first try at a bed & breakfast INN. The White Lace INN is a great place to get away from it all.

We shopped til we dropped but it was all in fun.

Try the two seater bike (Don't let your husband drive!)

Parks and Shore lines are spotted in color for sightseeing and picture taking.

Hope to come back soon!

Wowza!! The White Face
Inn was exotic, romantic,
sensual, and stunning, just
as we thought it would be.

We both enjoyed the
great hospitality and charm
you Inn has. I'm sure
we will get to know you
a little more since we
are now going to be regulars
at the White Face Inn.

One of our favorite spots was
Cave Point County Park. We
highly recommend this spot
to all your fine guests.
In addition, when exploring
Cave Point make sure you
take your shoes & socks off
and walk out on the rock shelf.

We stayed in the Garden House
in Room 7. Our last night was
spent having Champagne and

chess and pretzels ~~in~~ by
the fireplace, Among other

WE HAD A GREAT TIME HERE, THE INN IS EVEN MORE BEAUTIFUL THAN WE IMAGINED. THE MUFFINS, THE HOT CIDER, THE SITTING ROOM, & THE ATMOSPHERE WAS LIKE A STEP BACK IN TIME. THE WHITE BIRCH INN WAS A GREAT FINISHING TOUCH TO A PLEASING STAY.

We had a wonderful experience staying here & getting married before the fireplace. A very quiet & cozy place to stay & Sturgeon Bay has many interesting places to see & delicious places to eat. A drive up to Sister Bay on Hwy 42 or 57 is a must, beautiful country & many stops to make.

Thank's Bonnie & Dennis, we will be back!

The Door County fall color show is spectacular as you drive along 57 up to Sister Bay. We ate at the Greenwood in Fish Creek and Florian II's in Barleig Harbor. Both were excellent!

The hospitality and ambiance at the White Face Inn is well worth the 5 hr. drive.

We really have enjoyed these 3 days.

Hopefully, we'll be back this winter for X country skiing.

Room 1 was definitely
"Number 1" at the White
Lace and the whirlpool
was wonderful after
hours of walking in
beautiful Autumn Door
County. Everyone needs
to buy the Peninsula
Theatre on a cold nite
with the wood stoves
burning and a cup of
hot cider. A hint tip
is the last row if it's
cold - that's where the
straps are!

Thanks for a lovely

We had a wonderful time
staying in Room 9 with
the cozy fireplace and in
Room 1 with the great
whirlpool. The fall colors
are gorgeous on the peninsula!
We enjoyed the fish boil
at The Nautical Inn

at Hotel du Nord in

be there at sunset!!

Hi! Yes, we're another set
of honeymooners and Justine
made us feel so welcome.
Room B in the Washburn house
is very warm and cozy and
has started our honeymoon
off on a great note.

As far as a place for dinner
we recommend Andre's. The
atmosphere is warm and friendly
and the food is fantastic. Try
the Andre's Filet the tenderloin is
marinated and is very tasty.

Thanks again for a lovely

We are also here on our honeymoon and found this to be the perfect way to relax and unwind after busy weeks of wedding preparations! Room A in the Washburn House is wonderful and we enjoyed the fireplace and whirlpool to the fullest extent.

This is my second business trip to Sturgeon Bay, and my first stay at the White Lake Inn. It's so charming and relaxing - a welcome change of pace from hotels. I intend to try out all the bed & breakfasts on my future trips! Door County is gorgeous - I love the drive up the peninsula, and walking thru the town to enjoy the comfortable small town feeling. Quite a change from the Wash. D.C. area. Next time I'll bring my husband to really take advantage of this romantic setting!

We had an absolutely wonderful stay! The room we stayed in was C in the Lehighburn house and it was exquisite. Last night we went to the Denmark Rest. and it was superb. We would recommend this esp. if you want to dress up! This place is the best place to spend an anniversary. This is our 3rd and I'll tell you next to Maui for a honeymoon this is the place to stay.

Thank you for providing such a home away from home!

Our first real getaway from the kids in 10 yrs. Whew! What a treat! We scoured the area for B+B's while here and came to the conclusion that White Lace Inn surpassed them all in appearance, atmosphere + privacy. Room #11 was the perfect place for our romantic retreat.

A very special thanks to Mary + Justine for all their TLC. One of our fondest memories of our time here will be the budding friendships we left behind. We were truly pampered.

I came here with my girlfriend. This was my Birthday present. The White Lace Inn is fabulous. We have a list of people waiting to find out what it's like.

What a romantic place! Went to Shoptone for dinner, Great food, friendly people, low prices. Recommend to anyone.

11/18/88. Now here with my fiancee.

Yes, we got engaged ~~fast~~ this afternoon. She was surprised!

Toured Door County today. It was beautiful. We came back, lit a fire in room #6 & became engaged. Then dinner at Oliver's. The fish fry (perch) is outstanding. Nothing like it in Chicago.

Well, Well be back for our honeymoon.

Dear Friends,

We very much enjoyed our all too brief stay at your inn. No doubt many others have praised the beautiful furnishings, the delicious hot cider and muffins, the hospitality. So it only remains for me to praise your marvelous helpline housekeeper, who showed us to our room and rolled on the floor. A very pretty Kelly.

We especially enjoyed Sister Bay but check out 'Imported' the literally very colorful gift shop in Fish Creek & say hi!! to Arnie for us! Then have lunch at the 'White Shell Inn' their soups great! We also stopped at → Bee's HomeMade preserves etc between Hills Rock & Northport BUT-DONT miss AL Johnson's Swedish/Norwegian shop & Restaurant in Sister Bay!
INCREDIBLE!!

We've never seen a place kept as clean as the White Shell Inn, not to mention the decor! Loved it All!

Bonnie + Dennis -

We finally made it, + we
kept the secret from Deb! A
great way to spend our (almost)
2nd anniversary. The scavenger
hunt was great - although our
family may end at 2 after the
harrowing climb to the top of
the observation tower!

The cars were great - esp
the ambulance - and I can't
wait to see the refurbished
"rust bucket."

I'll miss the beer at
Olivers - bring a six-pak when they
start to bottle!

Dennis - keep an eye out
for a Mustang

We'll be back - see you

Bonnie & Dennis -

Were in the previous book but couldn't
help writing again. This is our 3rd
anniversary and our 4th year at White Bull
Inn! Your scavenger hunt was fun - got
to see some "backroads" but was scared
to death of slipping at Cave Point (we
were careful - that's one hole of a shear
drop!) The lady at White Bull Inn
was very polite and helpful while the
people at Bayside Tavern were
preoccupied with football. Everyone should
sample the "cherry beer" at Oliver Station!
Our only regret is that this particular
weekend went so quickly. Thank you
again!

Tom and Patti Healy

P.S. The Verbena guest soap is a nice touch.

P.P.S. We love Justice - she's about the
nicest person we've met on any of our

We loved the White

got married yesterday

What the world needs are
more places like the "White

like Justine, Bonnie & Dennis.
Their kindness, attention to
detail and commitment to
excellence and persistence
offered us an honesty and
peacefulness that will
remain with us and
remind us of our commit-
ment that we made to
each other for a lifelong
relationship. Romance is
obviously in the air here.
Thank you for helping
